1. POLICY PURPOSE

This policy sets out the PI process for selecting athletes to represent the Team at the Championships.

The policy confirms how para swim athletes are to be:

- (a) considered eligible for nomination for selection, which involves Pre Participation Criteria and the achievement of MQS or MQS/MET times ;
- (b) nominated for selection; and
- (c) selected.

To be considered eligible for nomination to be selected to the Team to compete at the Championships, athletes must first satisfy certain Pre Participation Criteria. See section 2 for the **Pre Participation Criteria**.

Then the athletes must achieve a Minimum Qualification Standard (MQS) in an Event at a Recognised Competition prior to the Championships. Athletes' results from the 2022 World Championships will also be taken into account. See the **MQS** in Appendix A.

Athletes who achieve an MQS in one event and an **MET** in an additional event(s) in Recognised Competitions may be entered into those additional **MET** events at the Championships following the selection process, subject to the discretion of the PI Performance Director and the approval of World Para Swimming.

The Selectors comprise an expert panel of three persons which nominate athletes for selection according to selection criteria, which takes into account other factors beside the Pre Participation Criteria and the MQS. See section 4 for **Selection Criteria**.

However the actual **selection** of any athlete to the Team at the 2023 World Championships is made by the board of PI (the Board).

Prior to the actual selection, athletes will be afforded an opportunity to appeal any non-nomination for selection within a specific period of time, before the Board complete the actual selection. See section 9 for the **Appeal Process**..
